3.COMPANY OVERVIEW

3/1. ABOUT NAWA

الفكرة بتركّز على إن مصر الرقمية مش مجرد خدمات حكومية، لكنها كمان منصة بتساعد الشباب وأصحاب المشروعات الصغيرة والمتوسطة على دخول العالم الرقمي. الهدف إنهم يقدرُوا يبيعوا منتجاتهم أونلاين بدل ما يفضلوا محصورين في السوق المحلي، وبكده نخلق وعي عند رواد الأعمال إن التحول الرقمي هو بوابة النمو والتوسع.

The idea focuses on showing that Digital Egypt is not just about government services, but also a platform that helps young people and small & medium business owners enter the digital world. It enables them to sell their products online instead of being limited to the local market, creating awareness among entrepreneurs that digital transformation is the gateway to growth and expansion.

3/2 .MAIN GOAL

الهدف هو تمكين الشباب وأصحاب المشروعات الصغيرة والمتوسطة من الاستفادة من التحول الرقمي، من خلال تسهيل دخولهم إلى سوق التجارة الإلكترونية، وتعريفهم إن مصر الرقمية هي المفتاح لتوسيع نشاطهم وتحويل مشاريعهم لفرص أكبر للنمو.

The main objective is to empower young people and small & medium business owners to benefit from digital transformation by making it easier for them to enter the e-commerce market, and by positioning Digital Egypt as the key to expanding their businesses and turning their projects into greater growth opportunities.

3/3 .PROJECT NAME

اسم نوى مستوحى من كلمة نواة، والتي ترمز إلى البذرة الأولى أو نقطة البداية لأي شيء كبير. يعكس الاسم فكرة أن كل مشروع أو شركة ناشئة تبدأ بخطوة صغيرة، تمامًا مثل البذرة التي تنمو لتصبح شجرة قوية بمرور الوقت.

والمعنى الرمزي يوصل رسالة واضحة: نوى = نقطة البداية لكل مشروع ناجح. الاسم قصير وبسيط وسهل النطق باللغتين العربية والإنجليزية، مما يجعله قويًا من حيث العلامة التجارية والتسويق.

The name Nawa is inspired by the word Nawah / Nucleus, which symbolizes the first seed or the starting point of anything big.

It reflects the idea that every project or startup begins with a small step, just like a seed that grows into a strong tree over time

.The symbolic meaning delivers a clear message: Nawa = The starting point of every successful project

The name is short, simple, and easy to pronounce in both Arabic and English, which makes it powerful for branding and marketing

3/4.VISION

أن تصبح المنصة الرائدة التي تمكّن الشباب وأصحاب المشروعات الصغيرة والمتوسطة من دخول العالم الرقمي، وتحويل أفكارهم ومنتجاتهم إلى فرص حقيقية للنمو والتوسع.

To become the leading platform that empowers young people and small & medium business owners to enter the digital world, transforming their ideas and products into real opportunities for growth and expansion.

3/5.MISSION

مهمتنا هي دعم رواد الأعمال والحرفيين من خلال حملات العلامة التجارية والتوعية المبتكرة، وتعريفهم بعالم التجارة الإلكترونية وحلول الدفع الرقمي، ومساعدتهم في بناء هوية قوية لمشروعاتهم مما يجعل التحول الرقمي هو البوابة الرئيسية لنجاحهم.

5. System Analysis & Design

5.1 Color selection strategy

تم اختيار لوحة ألوان تعتمد على درجتين أساسيتين من اللون الأزرق، مع توليد تدرجات مختلفة تم تطبيقها من خلال التفتيح والتغميق. تعتمد الألوان على مبدأ الألوان المتجانسة، حيث تقع جميع درجات الأزرق المستخدمة في منطقة متقاربة على عجلة الألوان، مما يخلق هوية متناغمة واحترافية تعكس شخصية العلامة

The color palette is built on two primary shades of blue, with additional tints and shades created through lightening and darkening. The palette follows an analogous color scheme, where all blue tones are located close to each other on the color wheel, creating a harmonious and professional identity that reflects the brand's character.

الألوان المتجانسة (Analogous Colors)

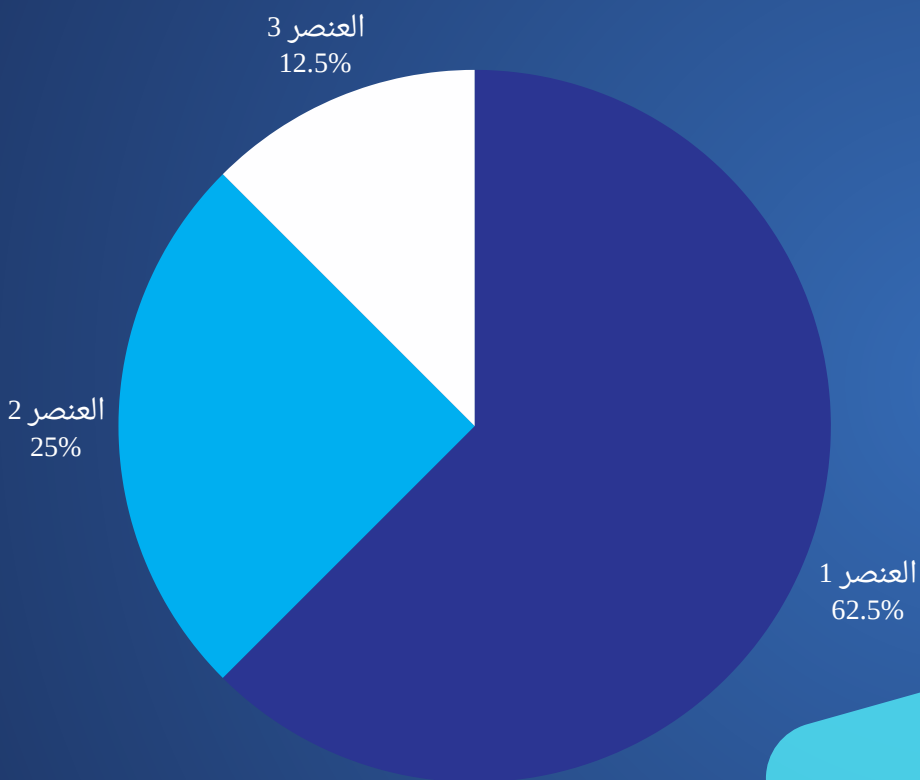

تم اختيار الألوان من مجموعة ألوان الأزرق المتجاورة على عجلة الألوان، مما يعطي مظهرًا متناسقًا يعبر عن الثقة، التقنية، والاستقرار. تشمل المجموعة: الأزرق الداكن، الأزرق المتوسط، والأزرق الفاتح. تتحرك التدرجات من الأزرق العميق الاحترافي إلى الأزرق الفاتح الابتكاري، وهو ما يعكس رؤية Nawa التي تجمع بين الاحترافية والنمو والبدايات الجديدة.

The palette features blue hues that are adjacent on the color wheel, creating a consistent visual identity that reflects trust, technology, and stability. This includes dark blue, medium blue, and light blue. The progression from deep professional blues to lighter innovative tones represents Nawa's vision of blending professionalism, growth, and fresh beginnings.

التفتيح (Tint)

تم الحصول على درجات الأزرق الفاتح والأزرق السماوي بإضافة اللون الأبيض إلى اللون الأزرق الأساسي، مما أنتج تدرجات أكثر صفاءً ووضوحًا. يمثل التفتيح الشفافية، والبساطة، والطاقة الإيجابية، وبداية الفكرة أو "النواة".

The light blue and sky blue tones were created by adding white to the base blue, resulting in clearer and brighter tints. These tints symbolize transparency, simplicity, positive energy, and the beginning of an idea or "the nucleus."

التغميق (Shade)

تم الحصول على درجات الأزرق الغامق بإضافة اللون الأسود إلى الأزرق الأساسي، مما نتج عنه ألوان أكثر عمقًا وقوة. يعبر التغميق عن الاحتراف والاعتمادية والثبات والنمو المستمر، ويُستخدم في العناوين والأجزاء المهمة من الهوية.

The darker blue shades were created by adding black to the base blue, resulting in deeper and stronger tones. These shades represent professionalism, reliability, stability, and continuous growth, and are used in headlines and key identity elements.

المعنى الرمزي للألوان (Symbolic) (Meaning of the Palette)

تعكس لوحة الألوان شخصية Nawa كعلامة تساعد رواد الأعمال على بناء بداية قوية: الأزرق الداكن يرمز للثقة والخبرة، والأزرق الفاتح يرمز للابتكار والبداية، بينما يعكس الانتقال بينهما رحلة المشروع من الفكرة إلى النجاح.

The palette reflects Nawa's personality as a brand that supports entrepreneurs in establishing a strong start: dark blue symbolizes trust and expertise, while light blue represents innovation and beginnings. The transition between them reflects the journey from idea to success.

وظائف الألوان (Color) (Functionality)

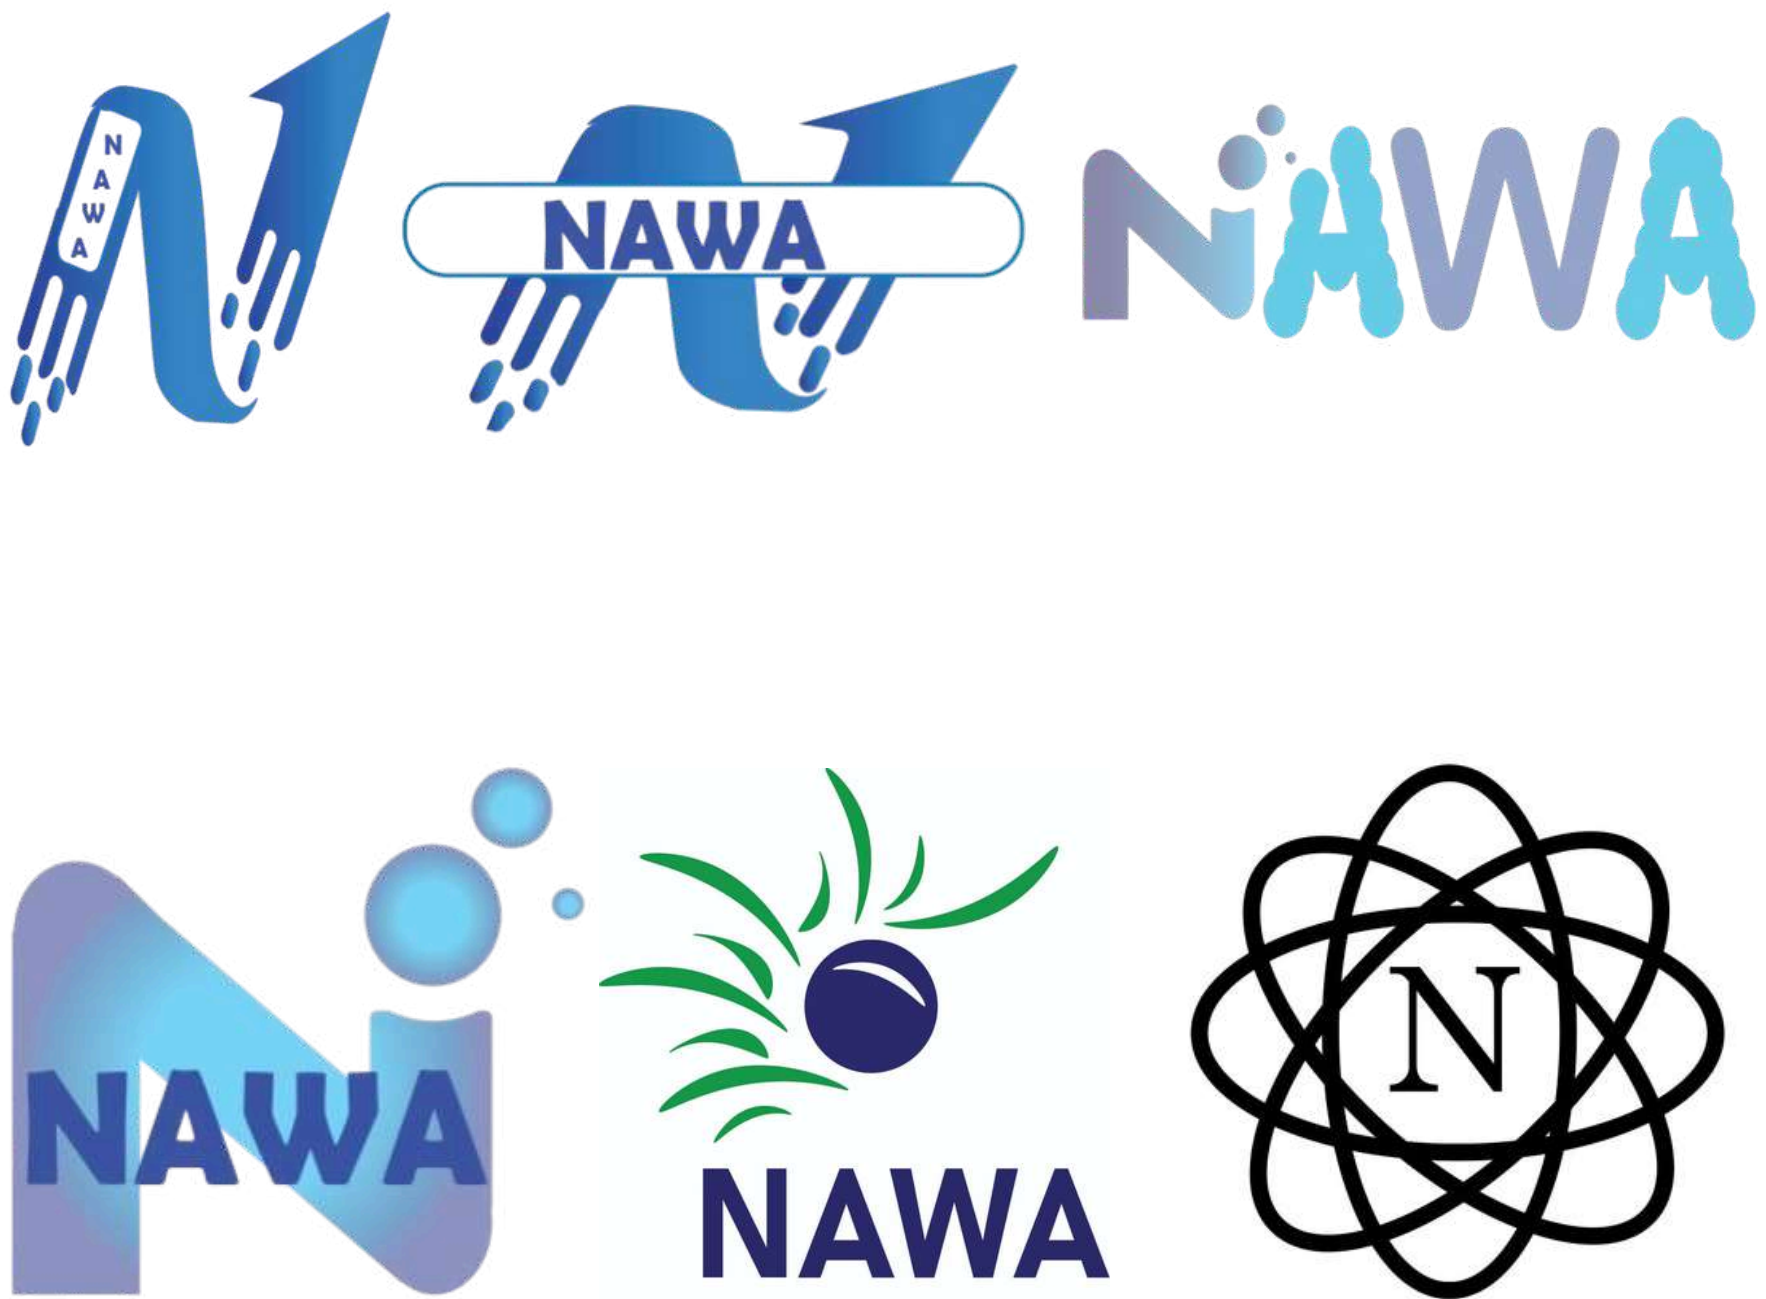

تم تحديد الألوان وفقًا لاستخدامها سواء في الطباعة أو العرض الرقمي، مع إمكانية تطبيقها على المنصات المختلفة دون فقدان الهوية. تُستخدم في الواجهات الرقمية، المطبوعات، الإعلانات، الأيقونات، والعناصر المرئية.

The colors were defined according to their use in print and digital displays, ensuring consistent performance across platforms. They are used in digital interfaces, print material, advertisements, icons, and visual elements.

6. Logo Design

قومنا بعمل اكثر من لوجو باكثر من فكرة توحى الي المشروع نواة ،لكي يتم
اختار الشعار الرسمي ليه

We presented numerous logo concepts, all hinting at the project's 'Nawa' core, for the final official selection.

The final logo design concept

تم اختيار شكل الشعار والأيقونة للتعبير عن النمو المستمر والتقدم في المشاريع، من خلال دمج رسم بياني تصاعدي مع اسم العلامة التجارية "NAWA"

We chose the logo and icon to symbolize ongoing growth and advancement, achieved by blending a positive trend line with the 'NAWA' brand name
